

Cancha

THE LONG DRINK VERSION OF CANCHÁNCHARA

Havana Cancha, derived from the Canchánchara native of Trinidad and created in the 19th century by the Mambises, Cuban separatist guerrillas, combines the best of Cuba's natural resources: honey, lime and rum. A pure and simple way to release the flavors of Havana Club 7 in a cocktail. Try this recipe!

Ingredients:

50 ml Havana Club 7 Años
20 ml Honey water*
50 ml of sparkling water
5 ml Fresh lime juice
1 Lime wedge
3 Ice cubes
*Half honey & half warm water

Steps:

1. Pour in a glass, 5cl of havana club rum 7, 2cl of lime juice and 2cl of liquid honey
2. Mix everything until the liquid honey dissolves.
3. Add 5cl of sparkling water and large ice cubes.
4. Garnish with a lime wedge and...salud!
